

SINCE 1975, WE HAVE BEEN HELPING OUR CUSTOMERS ACHIEVE IMPORTANT GOALS

We were born in the heart of one of Italy's most important cheese production areas.

In 50 years we have never stopped, we have ridden and sometimes anticipated technological trends **to add value to tradition and to help our customers extend their business horizons.**

4 strong points

• INTERNATIONAL TECHNICAL SUPPORT

Italy is our point of departure, the world our destination. We are Italian by birth, but international by vocation.

• ITALIAN-MADE QUALITY

We produce around 100 machines every year, focusing on quality down to the tiniest detail.

• PERSONALISATION

Challenges bring out the best in us. We work with your ideas and aim to meet all your specific needs.

• TEAM WORKING

Our bright, experienced team helps you along the road to success, step by step.
